

Re: Construction Projects for Preferred Open MRI, Inc.

Dear Ben:

Just a brief note to thank you for the superb job you and your crew did with our recent CT and office expansion in our Rowlett clinic. As you are aware this was the third construction project you have done for us and I must tell you it went great. Your construction superintendents did a terrific job of keeping the project on time and with no interference into our existing operation.

I have been involved in over 30 start-up medical imaging construction jobs and you and your crew rank as the best I've worked with in this industry. As we move forward with our next two projects, it was an easy choice to once again use Fry Construction Company as our contractor of choice.

Thanks for your on-going good work, flexibility and support.

Best Regards,

James H. Webb
President
Preferred MRI, Inc.
