

Re: Fry Construction

I have had the opportunity to work with Fry Construction on several projects in the past. Each project has been in a hospital environment, every project has been within budget guidelines, with minimal changes and completed on schedule.

Fry personnel have been very honest and straightforward on every project.

They have done a great job for us and will be on our bid list for future projects.

Projects completed:

- Remodeled Cath Lab and changed out equipment
- Remodeled MRI and changed out equipment
- Remodeled the Nuclear Medicine department and changed out equipment
- Remodeled the Rehab Unit

Thanks,

Glen Jackson
