

Southwest Diagnostic Imaging Center is proud to have Fry Construction Company, Inc. as its general contractor. Your staff has been providing us with superior workmanship in a professional manner since 1990.

In our experience with Fry Construction's personnel, you have proven to be informative, thorough, and accommodating to all of our general contracting needs. Whether it is the installation of high-tech equipment, such as MRI scanners, or smaller tasks such as cabinetry work, the project has always been completed promptly and efficiently.

We strongly value our relationship with Fry Construction and look forward to many years of continued service.

Sincerely,

Joanne Center
Administrator
