Mr. Ben Fry,

I would like to take a moment to let you know how we appreciate the work and professionalism of FRY Construction and your superintendent, Mr. Donnie Trumper. The MRI project was a very smooth project with little to no problems. A battle we face with quite a bit with contractors are problems being brought up with no solution or suggestions – leading to change orders. The VA saw that FRY Constructions superintendent was not interested in creating change orders, but provided professional input on any snags in the construction that arose. I look forward to possibly seeing FRY Construction on future project.

Thanks,

Scott D. Hobbs
